109	A.I.						

*Females were pregnancy examined by Dr. Zach Westoff, DVM - Le Mars Vet Clinic.
Every spring bred female was confirmed pregnant. The above dates are an estimate and are not guaranteed.

*Spring Bred Cow Lots: 4, 5, 8, 9, 10, 12, 16, 39, 41, 42, 46, & 47 (+ several comm. hfrs) were not bred AI.
An "Early Pasture" designation was given if the female was not AI bred, but was bred early in her pasture exposure.

*The Fall Bred Cows will be exposed to the bull up until just before sale day.
Therefore, it is too soon for an accurate pregnancy evaluation to be performed.

*All bulls have passed a semen evaluation on 12/10/2020 conducted by Dr. Zach Westoff, DVM.
We recommend you have your own vet re-evaluate every bull that you purchase before turning them out.
